Makati City, Metro Manila

Relevant Experience

Front-end Developer • ON-SITE

SK Innovative Group (PHILTECH) June 2023 - PRESENT
51st Floor PBCom Tower, Makati City, Metro Manila

- Develop, maintain, and test existing projects using React, Nextjs, Nuxtjs, Vue, Es6 Javascript, Redux toolkit, Tailwind, CSS, Sass, React hook form etc..
- Collaborate with QA Engineers and Team lead for changes or new features that are needed in existing projects. Assist my co-developers(Junior & Senior) if they have challenges in code.
- Converting existing Nuxtjs project to Nextjs. Create reusable components, integrate API's. Apply best practices in coding.

Associate Software Engineer • REMOTE

Fligno Software Philippines Inc. March 2022 - June 2023
401 CKY Bldg., RN Abejuela St., Barangay 5, Cagayan de Oro City

- Design, develop, and test new and existing projects using the latest technologies(React). Apply best practice development patterns and follow design briefs, Continuous Integration/Development, and maintenance of code.
- Collaborate with back-end engineers, project managers, ui designers to transform creative concepts into production realities for clients and stakeholders.
- Participate in daily standup meetings and present/demo the progress and update every end of milestone/sprint to our clients (99% of our clients here are from Australia).
- Teach other developers with a specific topic/language that is given to you. (Upskilling program by FLIGNO)

Web Designer & Developer • ON-SITE & REMOTE

Directories Philippines Corporation. November 2019 - Feb 2022
12F DPC Place 2322 Chino Roces Ave, Makati, 1200 Metro Manila

Web Designer • ON-SITE

One Hundred Services Inc. August 2019 - Nov 2019
9F DPC Place 2322 Chino Roces Ave, Makati, 1200 Metro Manila

- Creation of content for client websites, as well as creation of visual elements that are aligned with client's branding and defined site objectives using HTML, CSS, Javascript, and JQuery.
- Work with Techops team supervisor for the creation of Bel-Air Vehicle Registration System as a Developer. I wrote a thousand lines of Javascript code.
